The Nebo Project Annual Report

For the period ending 31st March 2026

Charity Information
Name of Charity: The Nebo Project
Charity Number: SC036264

Trustees in Office During the Year
The following individuals served as trustees during the reporting period:

Livingstone Ssemwanga
Christopher Fryer
Susan Ssemwanga

Contact Address
The charity is still in the process of securing a P.O. Box address for official correspondence. However, this has been delayed due to unforeseen obstacles. In the meantime, the trustee' s address remains in use:

16 Grange Road, Caister-on-Sea, Norfolk, NR30 5BA

Governance
Governing Deed
The management group consists of at least three members, with additional members co-opted based on their expertise, experience, or skills. The group elects a Chairman and Treasurer from within its members.

Chairman: Livingstone Ssemwanga
Deputy: Christopher Fryer
Secretary: Susan Ssemwanga

Trustee Recruitment

The Nebo Project's trustees are elected by the charity's membership. In accordance with its governance framework, one-third of the management group is required to retire during the Annual General Meeting (AGM)—held each October—but they may stand for re-election.

The trustees re-elected Livingstone Ssemwanga to serve as Chair of the charity for a two-year term, with Christopher Fryer appointed as Deputy Chair and Susan Ssemwanga as Secretary.

Mission and Objectives

Purpose of The Nebo Project

The Nebo Project is dedicated to empowering families experiencing extreme poverty, equipping them with resources, education, economic opportunities, and spiritual support to help them break the cycle of generational hardship.

Key Objectives

Educational Empowerment: Provide children with access to quality education, enabling them to acquire knowledge and essential life skills for future success.

Economic Opportunity: Support parents in developing sustainable income-generating activities that strengthen financial stability.

Strengthening Family Bonds: Encourage parental involvement in children's education through workshops and mentorship programmes.

Community Impact: Build stronger communities by empowering families to collaborate and thrive.

Sustainable Change: Address the root causes of poverty and inequality through long-term, effective programmes.

Instilling Hope: Foster a sense of possibility in families facing adversity, empowering them to pursue brighter futures.

Ethical and Transparent Practices: Operate with the highest standards of accountability and transparency, ensuring resources are effectively utilised.

Spiritual Growth: Provide opportunities for personal and family spiritual development, recognising its role in holistic well-being.

Achievements During the Year

Despite challenges, The Nebo Project has made significant progress in its mission:

Charitable fundraising efforts have continued, with regular donations received. Plans are underway to intensify fundraising activities in the coming year to strengthen the financial foundation of the organisation.

The first stage of the charity's registration in Uganda as a Company Limited by Guarantee without Share Capital has been successfully completed.

Expansion efforts in Uganda: A Non-Governmental Organisation (NGO), "The Nebo Educational Initiative," has been registered in Uganda to coordinate to ensure effective implementation of charitable activities within the Country.

The Nebo Educational Initiative, Board of Trustees has been established, working closely with the UK Nebo project trustee board to enhance the charity's operations in the country.

The organisation's bank account in Uganda has been opened to ensure financial accountability and transparency for funds supporting charitable initiatives.

The charity is in the process of building partnerships within underserved communities, identifying families eligible for support.

The official website (www.theneboproject.co.uk) is live, and efforts are underway to establish social media channels to engage with the public.

Challenges Encountered

While significant progress has been made, certain challenges have hindered full operational efficiency:

The charity's registration, which restricts its operations to a single geographic area within the country, has hindered the effective implementation of its activities. We are currently in the process of appealing this decision.

Financial and human resource constraints have continued to affect planned initiatives.

Despite these setbacks, efforts continue to overcome these barriers and advance the organisation's mission.

Future Targets (2026-27)

Expand staff and leadership teams in the UK to support the charity's long-term vision.

Intensify fundraising activities to strengthen financial stability.

Work with the NGO Registration Bureau to expand the charity's authorised geographical area of operation to additional regions across the country. Broadening this scope will enable the charity to reach more families and ensure that support is prioritised for those families in greatest need.

Fully establish relationships with communities in Uganda, ensuring effective outreach to vulnerable families.

Identify and recruit a dedicated staff member, **Family Engagement Worker,** who will coordinate and work closely with beneficiary families and provide regular reports to the NGO Board in Uganda.

Identify and support at least one family in line with the NGO' s recommended activities.

Continue efforts to secure a UK P.O. Box address for official correspondence.

Financial Overview

Reserves Policy

As of the reporting year-end, the charity experienced a year deficit of **£77.79,** and unrestricted funds held at year' s end of **£1269.76.**
