Objectives and activities

Charitable purposes	To educate and sometimes entertain people – especially children about environmental and health issues. We explore – through art and hands on work – what we can do to improve and protect our environment.
Summary of the main activities in relation to these objects	We create shows and performances usually participated in by children. We like to pepper the overall message with humour – to make the information more palatable. We brought out a new CD with14 new songs on it. We performed 13 shows to some different clients – from RHS Gardens to Neurodivergent day care centres. The Food Foundation invited us to perform at the Launch of their Bang in some Beans promotion, at the Barbican in London. We planted many more trees and hedging with children and coppiced willow for fence and basket making.We also litter picked.regularly

Achievements and performance

Summary of the main achievements of the charity during the financial period	The Achievements of the year were 1. Rehearsing & performing 14 new Barrow Band songs. 2. Reviving our Sinking Ark musical to get across the message of climate change to the public. 3. Negotiating with a music video specialist studio in Glasgow – to find a way to have professional films and recordings made there to help to gain a wider audience and influence more people to adopt a healthier diet. 4. We fund raised to gain bedrock funding to make this happen. 5. We planted holly trees and laurel bushes for hedging with teenage school children. 6. We planted cuttings from trees in pots, weeded others, and litter picked with young children. 7. We performed the BarrowBand beans song at the Barbican in London at their 'Bangin some Beans'event.

Financial review

Brief statement of the charity's policy on reserves	We believe in charging most event organisers for performances. Some events are in aid of charity so we don't charge anything for those. But all events are costed to make a surplus once sessional musician and transport costs are allowed for. This enables us to cover some core costs for the charity. This year we do have some reserves – but that is necessary in order for us to carry out some plans for film making, marketing, and barrow improvement. Some funding bodies insist that 50% of needed funding for next year is in place already in order for them to supply their 20%grant.
Details of any deficit	N/A
Donated facilities and services (if any)	This last year was funded by the Pump House Trust, and some small donations from trustees. Sessional musicians, rehearsing new songs did not charge for their work The van driver, delivering the barrow and some musicians, did not charge for her work. Malcolm Le Maistre did not charge for the writing of new songs.
