Structure, governance and management

Type of governing document	S.C.I.O.
Trustee recruitment and appointment	At the A.G.M., usually held February/March each year

Objectives and activities

Charitable purposes	To promote and be involved in activities to improve the welfare and well-being of the local community
Summary of the main activities in relation to these objects	Despite the still incomplete 'Transfer of Assets' from the Community Council to the Trust due to the failure of the Community Council (see additional information at Appendix 1) the Trust has maintained a fully functional football pitch and associated pavilion by being responsible for the utility bills. This has enabled the local football teams to continue operating.

APPENDIX 1

Achievements and performance

Summary of the main achievements of the charity during the financial period	As above, by maintaining a functional football pitch and pavilion this has allowed Cromdale F.C., an adult team, to continue their fixtures and Strathspey Rovers junior teams to continue their fixtures. The latter involves approx. 150 children, some with special needs, to participate in competitive sport which is healthy and promotes team spirit. The Trust has also taken over responsibility for the two defibrillators, one ar Cromdale and one at Advie. This is seen as a valuable community asset and a potential life-saver. It is hoped that the considerable cost involved can be re-couped via Wind Farm grants.

Financial review

Brief statement of the charity's policy on reserves	The Trust has limited funds and no formal income. The electricity bills for the football pavilion are now being covered by donations from the football teams but the Trust remains conscious that they will have to retain sufficient funds for the legal bill once Transfer of assets is finalised.
Details of any deficit	Nil

Donated facilities and services (if any)	See previous in relation to use of the football field and pavilion to local teams.

APPENDIX 1

Other optional information

It looks as though the Community Council is likely to be re-formed (confirmed after the period of this report). This will give access to much needed Wind Farm grants.
See previous notes on Trustees report for preceding year.
