<i>Registered Address</i>	<i>Beech House Quarrywood Court EH54 6AX Livingston</i>

01/09/2024 – 31/08/2025

The EDUS Educational Society is an umbrella organization associating Polish Supplementary Schools in Scotland. Our mission is to support education in the Polish language, history, culture, tradition and Christian values of children and young people in Scotland.

Our goals:

- 🎯 Support for Polish Schools*
- 🎯 Promotion of Polish language education among the Polish community in Scotland*
- 🎯 Organization of training and conferences for teachers*
- 🎯 Workshops for students and parents*
- 🎯 Creation of the EDUS Examination Center for children from all over Scotland to take Polish language exams at GCSE and A-level.*

We launched a new campaign with General Consulate of Poland in Edinburgh called #I know who I am in November 2023.

The aim of the Campaign is to show the importance of maintaining children's knowledge of the Polish language and thus supporting their bilingualism.

The aim of the campaign is to promote bilingualism and learning Polish in Polish schools located in Scotland.

Highlighting the benefits of speaking two languages in an accessible and clear way.

The campaign's addressees include:

Polish families with children aged 0 to 18 who hesitate whether to send their children to Supplementary Polish School or their children attend the Polish School, but the parents are not convinced about its advantages.

Parents who are not aware of how much they do for their children when they give them their native language from birth. As well as highlighting the advantages of passing A-level and GCSE exams for young people aged 12-18.

Do you know why it is worth enrolling your child in a Polish School? Here are some of our ideas:

- Acquiring cultural identity - it is always worth knowing and understanding your origins
- Better contact with relatives from Poland
- Possibility to take GCSE and A-level exams - additional points for studies
- Passing the A-level exam also gives you the opportunity to study in Poland
- Polish is an additional, unique competence on the future market
- Your child may be bilingual
- At the Polish School you can make lifelong friends!

www.eduseducationalsociety.co.uk

1. Substantive workshops for directors and management staff for Polish schools in Scotland during a joint event to the large Polish map of Scotland 06/2025
2. Live methodological workshops with EDUŚ
3. A map unites us - Polish Diaspora Day next to a large Polish map of Scotland 06/2025
4. Developing the structures of Polish organizations. All year

Online meetings take place once a month where all decisions are made together. All schools in Scotland have joined the charity and there are currently 29 of them- as the focus group.
