Cupar
KY14 7EX

The above charity (group) is an unincorporated association. Its constitution is based on the Scout Association's policies and procedures, published by Scouts UK, Association. We are one of 10 Scout Groups in North East Fife District which is part of the Scout Association.

The trustees are recruited and appointed in accordance with the Policy, Organisation and Training of the Scout Association. Update training is available throughout the year.

The purposes of the charity are to promote the development of young people in achieving their social and spiritual potentials, as individuals, as responsible citizens and as members of international communities to empower them to make a positive contribution in society. The charity provides an enjoyable and attractive scheme of progressive training, based on the Scout Promise and adult leadership.

The charity's main beneficiaries are children or young people and during the year provide a programme to in excess of 50 boys and girls. Credit for the success must go to the varied, challenging and exciting programme throughout the year featuring wide ranging activities. The charity also support a large number of members undertaking the Duke of Edinburgh Award.

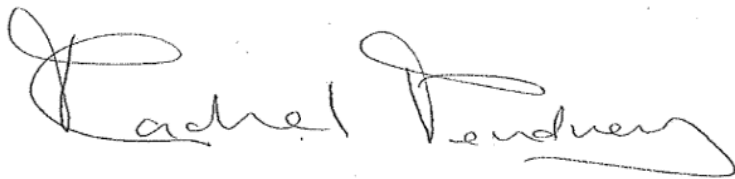

We have continued to attract additional adult leaders during the year and look forward as well as further expansion of Scouts and Explorers in the year ahead. There will be premises where our Group meets making it a more welcoming facility.

The charity's main income is subscription income. The charity aims to hold sufficient funds due and anticipated during a 3 month period.

The accounts show a net surplus/deficit for the year of £33 (2025 - deficit £5,004). This is due to fundraising / increased expenditure on planned hall maintenance, which will be continued in the next year.

During the year the trustees did not receive any remuneration.
