To Whom it May Concern

Proposed Changes to Constitution

At our last AGM we proposed changes to our Constitution, in order to tighten up our banking processes considering our growth and the services we now offer. As part of our annual return, we have also attached our proposed Constitution and we hope this will be acceptable. At present, we are governed by our existing Constitution.

We also seek to clarify the dates on our annual return. Online, the dates suggest that we have reported until 31 May 2024, but this should have read 30 April 2024. Our financial year started on 1 May 2024 and is the date that we have used to report from. Unfortunately, this oversight was only discovered when getting our accounts signed off this year.

Yours sincerely

For and on behalf of **Asylum and Refugee Care SCIO**
