

Chair's Report

In 2025, we successfully helped 306 animals find homes. Of these, 195 were rehomed through collaborations with other rescue organisations. By combining resources, experience, and networks, we have been able to help significantly more animals than we could ever reach alone.

Alongside our rehoming work, we continued to take on animals requiring extensive veterinary treatment and long-term care. Some arrived after years of neglect, reminding us that rescue is not always simply about finding a new home.

Financial sustainability remained one of our greatest challenges throughout the year. Veterinary treatment, transport, food, rehabilitation, and long-term care continue to place considerable pressure on our resources. Despite this, we made encouraging progress and were able to reduce the charity's outstanding debt by £1,000 while continuing to provide the standard of care our animals depend upon.

As we look ahead to 2026, our priorities remain clear.

We want to strengthen our foster and adoption networks, deepen our partnerships with like-minded organisations, develop more sustainable fundraising, and continue improving the financial stability of the charity. Most importantly, we want to ensure that when an animal has nowhere else to turn, Amos can still be there.

To our adopters, foster carers, volunteers, donors, supporters, veterinary teams, and partner rescues, thank you. 306 animals were given a new opportunity in 2025 because people chose to work together.

Every adoption is an achievement but behind every number is an individual animal whose life has changed. That remains the reason we continue.

With sincere gratitude and hope for the year ahead,

Rinisa Toska
Chairperson, Amos Pet Scotland
