Kilfinichen and Kilvickeon Agricultural Society SC029922

Annual Report for Year Ending 31st December 2025

The Kilfinichen and Kilvickeon Agricultural Society hold an annual show in Bunessan every year on the first Friday in August. The society's aims as detailed in the constitution are "to encourage the development of agriculture, horticulture and local crafts in the show district and in furtherance of those aims to hold an annual show in Bunessan".

The trustees for year ending 2025:

Gordon Rutherford President

Stephen MacCallum Vice President

Lynda MacCallum Secretary

Morven Gibson Treasurer

Stewart MacDougall Convenor

Euan Mackie Vice Convenor

There are four committee meetings per year, including the AGM. There are usually another 10 to 15 people in addition to those listed above who attend the meetings. There are also two finance subcommittee meetings per year. Around 60 volunteers are involved in the weeks preceding the show carrying out activities and organising the day including erecting the marquees and arranging the show field.

The 2025 Bunessan Show was another successful event. The entrance takings, on foot and by car, and the bar were high and the show made a surplus overall. The income generated by the bar enables the show to be financially sustainable. All of the show sections were well supported with entries. Activities on the day included regulars like Chainsaw Pete, and the Drakes of Hazard. The dance in the evening was well attended.

We received £1000 from Inverlussa Marine Services who are our regular show sponsors.

Plans for next year are to purchase a new marquee. Grant funding will be investigated to support the purchase but we aim to contribute up to £3000 from show funds. #

We have progressed plans to become a SCIO and hope this will come to fruition in 2025.

Morven Gibson

Treasurer
