

would like to express my heart felt thanks to Jean for her focus, breath of experience and commitment for this project.

The original funding bid to pay for the research and report development was way back in October 2021, it was a joint effort between the Islay Link Club and the (Islay Resilience Group) now Islay Connections. Collaborative working between the two groups.

So, it has taken a long time to get to this point of acting on the findings and the **12 Action Points** of the report. Following the election of new office bearers and committee members at this AGM, we want to build and strengthen the Islay Link Club, to attract and enable like minded folk who are willing to work with us to improve the quality of health and well being experiences of those living on Islay. I look forward with hope and enthusiasm to the future for the Link club and the new horizons!

I would like to thank the committee members; Rose Keogh, Gill Chasemore, Rhona Kennedy and Dougie McFadzean for their support and input during this period.

Anna Taylor, Chair.

A handwritten signature in black ink, appearing to read 'Anna Taylor', with a stylized flourish at the end.
