Community Spirit

Annual Report

We have had another successful year and are finding our members have continued to increase.

Community Spirit was set up to allow people to come along to enjoy themselves in a venue which makes them feel safe and secure. Our belief is that no-one in Glasgow should face the challenges of self-isolation or loneliness. We understand the profound impact these issues can have on individuals and our wider community.

We actively advertise on social media to encourage people to come along to enjoy themselves in a friendly and safe environment allowing them to interact with their peers.

We would like to take this opportunity once again to thank all our volunteers for their continued support throughout the year.
