

Caledonian Youth Club

Chairman's Report for Year ended July 31st 2025

Objectives and Activities

Charitable Purpose

To provide an opportunity within the community to promote and encourage the participation and development of its members in football and other sporting and social activities in order to promote fitness and self-development.

Activities

The Club activities are all about encouraging club members to develop in a safe and quality environment – participating mainly in football.

Achievements and Performance

Club Membership continues to be healthy with 16 teams across 11 Age Groups (age range from 5s-17s) which totals around 200 registered players and 32 qualified/registered coaches who play/train mainly at the Club's home ground of Academy Park in Prestwick but additionally at high expense at local schools for indoor & outdoor lets hired from South Ayrshire Council which is by far our highest area of expenditure.

The club continues to work closely with SYFA after reaching "GOLD" Level of the Quality Mark Status in 2011 and has been recently re-accredited with "GOLD" status for the next 3 years up the end of 2026.

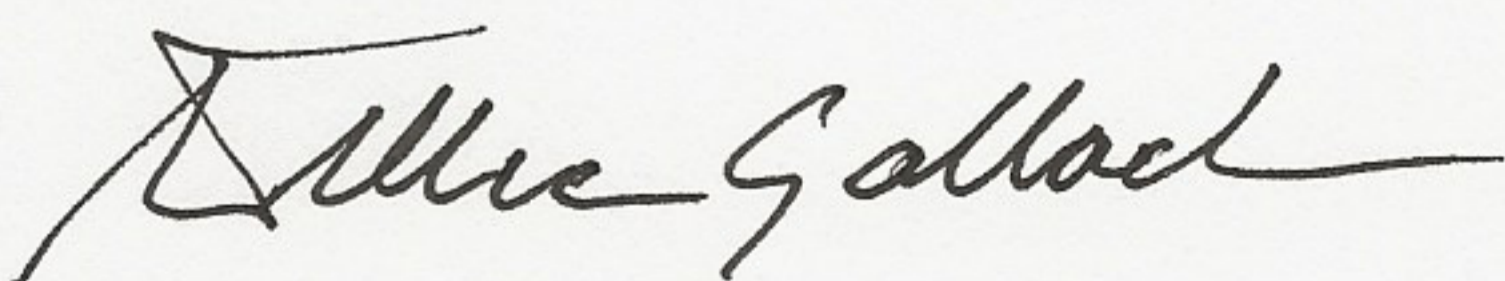

The Club continued to spend money on maintaining and improving its owned facilities which include the clubhouse and the 3G 7-a-side playing area.

2025 was the Club's 40th anniversary and we held a series of events to recognise this milestone. We once again ran our hugely successful Summer Tournaments and these provided record income which we have used to upgrade our facility.

Future:

Caledonian will continue to maintain its memberships by annually taking in a new school year (2021's is the next age group that we will be starting up).

We continue with a 2 year program to upgrade the grass playing pitches.

WILLIAM GALLACHER

CHAIRMAN
