Objectives and activities

Our mission is to bring people together through music, and foster and encourage opportunities for people of all backgrounds, styles and experience to meet and share music, make valuable new contacts, access resources, and realise their potential.

The support we deliver comes in many forms, from weekly open jam sessions to open mic/open band events, to high-profile showcase concerts at venues around town.

We also provide facilities for bands and artists to rehearse, record, stream and obtain photography and video, whilst offering a selection of inhouse training and mentoring services to support the development and performance aspirations of musicians of all abilities.

We are passionate about providing a positive, supportive, safe and fun atmosphere in everything we do, and work closely with the local community to develop our capabilities and outreach potential.
