Achievements and performance

Summary of the main achievements of the charity during the financial period

The group has been in operation since September 2009 and the financial situation has again been steady with donations and fund-raising activities taking place during this financial period.

The membership benefits from this stability as well as feeling that they are part of the organisation involved with promoting their wellbeing and needs, but benefiting their carers as well. The group are constantly aiming to bring assistance to current members whilst endeavouring to help those MS sufferers that may not part of the group.

Two social activities were held during the financial period, bringing all members together, these also raised awareness of the Group's activities bringing a few new MS members on board. The Group actively promote their presence within the Turriff & Banff area and to wider parts of Aberdeenshire so that other MS sufferers and carers may benefit from the help available.
