

Tweedvalley Community Collective (TVCC) Accounts 2024/25

During this period we set up a bank account with Royal Bank of Scotland and qualified for 'Community Free Banking'.

We have had no income nor outgoings during this period and so the account is dormant.

The accounts for this period are therefore blank.

We hope to be able to take the project forward this year (2026) but have been reliant on external factors - the current building owners and the council in particular for clearance of the site.
