Chairperson's Report, Tillydrone Community Campus SCIO November 2026

In December 2025 we had a lunch for our volunteers as a thank you.

Blueberry Fitness class was taken over by the SCIO, they stopped their class because of funding. Our project co-ordinator secured funding to ensure this class carried on.

We started the new year with 7 classes, Family dance, Jog Scotland, Make do and Mend, Arts and crafts, Chill out Club, Adult Book Club, Creative writing for youngsters, Adult chair Yoga. All classes are well attended and many have waiting lists.

Funding was secured for project co-ordinator and caretakes wages.

In May we held a women's wellness day which was a great success.

There was also a singer on last Friday of the month, this continued until September.

The project co-ordinator has got funding for a repair café. At the moment we have to look into insurance for this.

Thai Chi class started end of August for 10 weeks, this is a class that the community asked for.

Meditation course came out of the women's day, and has started at the Campus. Still in early stages.

Project co-ordinator has been busy applying for funds for these classes to continue.

Trustees have had many meetings to do with LTO, we don't have a date for the take over, but it is work in progress.

Aileen Davidson
Chairperson.
