# Structure, Governance & Management

Scottish Independent Advocacy Alliance (SIAA) is a registered Scottish Charitable Incorporated Organisation (SCIO) and has a Board of Trustees who are primarily drawn from member organisations.

Member organisations can nominate individuals to join the SIAA Board at the Annual General Meeting. The Board can also recruit up to four individuals outwith the advocacy movement to address any gaps in skills or knowledge. New Board members undergo induction and training on their role and responsibilities. There is also a Board members handbook outlining legal responsibilities and an introduction to the organisation. The Board selects a Chair, Vice Chair and Treasurer who meet with the Chief Executive Officer on a regular basis. The Board also has 5 additional subgroups: Stakeholder Engagement, Finance, Personnel, Learning and Development and the Business Continuity Subgroup. The Board has responsibility for strategic decision making and delegate operational decision making to the CEO. At the last AGM no new Board Members were recruited.

The SIAA is a member of a number of different organisations and groups with the aim of better equipping it to fulfil its aims and objectives. For example, the Scottish Council for Voluntary Organisations Policy Committee and Scottish Mental Health Partnership.

# Objectives, Activities and Achievements & Performance

The Scottish Independent Advocacy Alliance (SIAA) has a remit to promote, support and advocate for independent advocacy throughout Scotland and aims to ensure access to independent advocacy for anyone who needs it.

The SIAA has a strategic plan that helps to provide a framework for ensuring it delivers the agreed aims and objectives. The SIAA involves member organisations strategically on the Board as the Board of Directors is predominantly made up of representatives from member organisations. It also involves members in developing good practice guidance, carrying out research and lobbying and campaigning to raise awareness of independent advocacy and the difference it can make to communities and individuals.

The SIAA works to ensure that relevant legislation, policies and strategies produced by the Scottish Parliament, the Scottish Government and other statutory bodies make reference to access to independent advocacy. The SIAA reports on achievements against the Strategic Plan and the Annual Work Plan.

# 1. Building Relationships

- Member Engagement: SIAA deepened ties with members through 36 peer support sessions, a successful AGM, and the co-design of learning modules. Feedback was overwhelmingly positive, especially regarding the new learning platform.
- Sector Collaboration: Strengthened partnerships with Queen Margaret University, SCVO, and civil society networks. Notably, a joint research initiative will support rural member participation in the 2025 conference.
- External Stakeholder Engagement: SIAA actively participated in national forums and working groups (e.g., Mental Welfare Commission, Scottish Mental Health Partnership), advocating for independent advocacy and influencing policy.

# 2. Growing Grassroots Sustainable Independent Advocacy

- **Funding Diversification**: In response to a potential 50% reduction in core funding, SIAA pursued £336,500 in new funding, including project-based grants and increased membership fees.
- Support for Local Independent Advocacy: SIAA published an interview with a retiring CEO.
  The conversation explored the evolution and future of independent advocacy, the role of
  funders, the value of strong relationships, and the importance of local context. The interview
  aimed to preserve insights, highlight a success story, and contribute to the sector's evidence
  base. It was shared with members via the newsletter and liaison emails. Tailored support was
  also provided to members facing challenges, including anti-racism training and governance
  advice.
- **Platform for Growth**: The new eLearning platform and resource library were developed to empower grassroots organisations with accessible, high-quality training and tools.

# 3. Evidencing Quality

- Learning & Development: Identified and launched a suitable digital learning platform based on the key learning needs of the membership. Started co-designing modules with the members.
- Outcomes Framework: Provided bespoke support to members on impact measurement. Developed a searchable resource library with nearly 80 curated tools and templates.
- Data & Research: Collaborated with the Mental Welfare Commission on national data collection. Conducted focus groups and surveys to inform the upcoming "State of the Sector" report.

# **Risk Management**

The Chief Executive Officer and Chair of the Subgroups reports to the Board at each Board meeting regarding any risk that the organisation is exposed to, using the Risk Register which is based on the Risk Matrix published by the Charity Commission.

# **Financial Review**

With income of £185,094 and expenditure of £196,285 SIAA had deficit for the year of £11,191. The deficit was funded from reserves brought forward at the start of the year so that at the 31 March 2025 SIAA held total funds of £175,965. These funds consisted of £68,976 in the unrestricted fund, which can be spent at the discretion of the trustees and £106,989 in the restricted fund, which has to be spent as specified by donors, see note 4.

# **Reserves Policy**

The general or free reserves are the reserves freely available to the Trustees to use to further the charitable purposes of SIAA. The general or free reserves consist of the unrestricted funds less the value of tangible assets not freely available to be spent. SIAA aim to keep a reserve of £50,000 (equivalent to three months running costs) to ensure funds are available to meet the charity's financial commitments as they fall due. At the 31 March 2025 SIAA held a general reserve of £68,976 and had met their target.

# 1 Basis of Preparation

# 1.1 Basis of accounting

These accounts have been prepared on the basis of historic cost in accordance with: -

- (a) The Charities & Trustee Investment Act (Scotland) Act 2005, and
- (b) The Charities Accounts (Scotland) Regulations 2006 as amended
- (c) Financial Reporting Standard FRS 102 (Effective January 2015),
- (d) Charities SORP (FRS 102) (2<sup>nd</sup> edition effective January 2019)

No changes have been made to the basis of preparation or to the previous year's accounts.

- **1.2**. In preparing the accounts, the trustees were not required to make any judgements that would have a material effect on the numbers reported.
- **1.3** The charity meets the definition of a public benefit entity as defined by FRS102.
- **1.4** The charity is dependent on the continuing support of donors. However, the trustees have no reason to consider that this will not continue or that there are any material uncertainties about the charity's ability to continue as a going concern.

# 2 Accounting Polices

# 2.1 Form of Financial Statements

The charity maintains a general or unrestricted fund that can be expended at the discretion of the trustees on furthering the objects of the charity. The charity also holds restricted funds that may only be used for specific purposes. Restrictions arise when specified by the donor or when funds are raised for specific purposes, see note 4.

### 2.2 Income

- (a) Income is recognised and included in the Statement of Financial Activities (SOFA) when the charity becomes entitled to the resources; their receipt is probable; and the monetary value can be measured with sufficient reliability.
- (b) Where income has related expenditure the income and related expenditure are reported gross in the SOFA.
- (c) Income which is subject to conditions that the charity has yet to fulfil, or which is specifically for use in a future accounting period, is treated as deferred income.

# 2.3 Expenditure & Liabilities

- (a) Expenditure is accounted for on an accruals basis.
- (b) Liabilities are recognised as soon as there is a legal or constructive obligation to pay out resources; it is probable they will be paid and the monetary value can be measured with sufficient reliability.

Creditors are normally recognised at their settlement amount, usually the invoice amount.
- (b) Accrued charges are normally valued at their settlement amount.
