## **The Lavender Touch**

### **Report of the Trustees for the Year Ended 31 March 2025**

The trustees present their report with the financial statements of the charity for the year ended 31 March 2025. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

#### **OBJECTIVES AND ACTIVITIES**

##### **Objectives and aims**

The Charity's objectives are:

1. To provide support for people with cancer living in the Scottish Borders
2. To provide support to families of cancer patients living in the Scottish Borders through the cancer journey.

##### **Significant activities**

The Lavender Touch has continued with the main aim to support people living in the Scottish Borders through their cancer experience. This includes those living with cancer longer term and for many those who are in the last few weeks of life. The charity also supports their families who care for them.

The main focus of work continues to be to raise funds to provide a free service of complimentary therapy treatments across the Scottish Borders Region. We have discontinued sales of our in house produced products. Profit margins had become minimal and we decided to focus our limited resources in other areas. Sales of our sleepwear continue. This product, whilst providing a small income, has a primary impact of transforming a nights sleep for those with specific needs, providing them with an uninterrupted nights sleep as they no longer have to change bedding and sleepwear during the night. Our sleepwear is available for purchase locally and online.

## The Lavender Touch

### Report of the Trustees for the Year Ended 31 March 2025

#### ACHIEVEMENTS AND PERFORMANCE

##### **Charitable activities**

The referral rate continues to rise gradually. Referrals are not always evenly distributed across the region. We continue to review the number and geographical distribution of our therapists to promote a short wait time for treatment.

The Charity received donations and gifts from individuals and organisations, raised from a wide variety of initiatives.

We raise funds via the sale of products, table sales at local community events, rummage sales, grant applications and sales in our small shop. We continually look at ways to ensure that the charity is responsive to the needs of the local community and engage more companies to become Charity partners for the year.

This year we have had a focus on reviewing our policies and procedures. This has been led by one of our trustees who has experience in this area, supported by admin support and development manager alongside a local organisation which provides charity support in this area.

Another trustee led a collaborative piece of work on our values.

##### **Our Values**

Our work is rooted in a few key values that guide us every day. These values are the heart of our work, and they remind us why we do what we do.

##### **Compassion**

Compassion is at the core of everything we do. We approach each service-user, volunteer, therapist, employee and member of the public with genuine care and warmth recognising their dignity and worth.

##### **Community**

We are deeply connected to the people and place of the Scottish Borders. We are loyal partners to our community through challenges and opportunities.

##### **Understanding**

We strive to truly listen and learn from the experiences of others. We create a culture of inclusion where everyone feels seen, heard and valued.

##### **Trustworthy**

We are committed to being a charity that people can depend on. We earn trust through honesty, integrity and consistency in everything we do.

##### **Person-focused**

We place people at the heart of everything we do. Our work is rooted in dignity and a commitment to empowering the people we work with.

We held a "review day", where we invited trustees, employees, therapists and volunteers (a number of whom have been service users) to attend. This was an opportunity to discuss what is going well, what isn't so good and to suggest thoughts and ideas for moving forward.

Our charity shop is now open 6 days per week and is supported by a dedicated and increasing group of volunteers. Whilst the majority of volunteers are retired we now have a number of younger volunteers giving a greater age range and enabling us to gain a wider range of views on charity development on an ongoing basis.

We take every opportunity to celebrate our volunteers particularly during volunteers week, on social media and we invite them to express their thoughts and views.

Local community donations and sales remain high. There are some donations to the shop which we are unable to utilise, therefore we "recycle" these items to other charities e.g. Smalls for All; Arthurshiel Animal rescue Centre etc.

Donations are so high that we have increased the number of rummage sales, which are always very well attended and are increasingly being a regular part of the local community calendar.

The profile of donations, gifts and fundraising continues to change over time. We review our financial position throughout the year to ensure we either break even or make a small profit which enables us to continue charity development.

The Charity continues to use social media to raise the profile of the events and work the charity does as well as contributing to the wider local community by promoting events and fundraising of those people that support us. We continue to work with a local marketing company to improve our visibility in the local community, initial reports demonstrate an increase in engagement. This has been particularly helpful in spotlighting the people we can support, our volunteers and shop sales.

## **The Lavender Touch**

### **Report of the Trustees for the Year Ended 31 March 2025**

Our Charity Development Worker and Charity Administration Support Worker are both committed to the work of the charity and keep our day to day services running. They are both essential to the smooth running of The Lavender Touch.

The Lavender Touch was voted as the best Charity and Community Organisation Award at the Galashiels Heartland Awards 2025.

Local secondary schools engage with Youth Philanthropy Initiative Scotland, to offer young people the opportunity to research and work alongside local charities. They then present their proposals at a school event and if successful progress to a regional event. We have worked with a number of groups of students for several years. This year a number of groups chose the Lavender Touch as their charity, each engaging with us as they prepared their presentations. The winning group had chosen The Lavender Touch as their charity with prize money being donated to the charity. We are keen to continue to support these young people as it provides the opportunity to have a discussion around cancer, fundraising and the value of volunteering.

#### **FINANCIAL REVIEW**

##### **Financial position**

During the 12-month period, the Charity generated a surplus on general funds of £40,249 (2024 - surplus of £835).

##### **Reserves policy**

The Charity aims to hold reserves to cover two years' worth of costs. Available general reserves at the year end were £184,253 (2024 - £144,004).

#### **FUTURE PLANS**

In 2025/26 we plan to:

- Continue to grow our volunteer base, providing good support and education relevant to their role
- Explore and potentially implement self-referral for treatments
- Improve the marketing of the charity, its services and products

##### **Covid-19**

Covid-19 has continued to impact the Charity in that income streams have changed. We no longer have access to the same NHS premises for treatment provision, alternatives will come at an additional cost to the charity.

#### **STRUCTURE, GOVERNANCE AND MANAGEMENT**

##### **Governing document**

The Charity is a Scottish Charitable Incorporated Organisation (a SCIO). The charity was previously an unincorporated association but changed its legal form to a SCIO on 25 June 2015. The assets of the unincorporated association were transferred to the SCIO on 1 July 2015. It has a single tier structure and as such the trustees are the members of the charity.

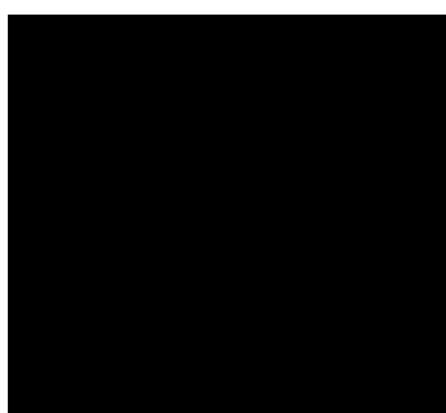

##### **Recruitment and appointment of new trustees**

Potential trustees are identified by current board members on the basis of their expertise and skill set.

#### **REFERENCE AND ADMINISTRATIVE DETAILS**

##### **Registered Charity number**

**COMMENCEMENT OF ACTIVITIES**

The SCIO was incorporated on 25 June 2015, changing constitution from an unincorporated charity. It commenced trading on 1 July 2015.

Approved by order of the board of trustees on 24 October 2025 and signed on its behalf by:

.....

**Independent Examiner's Report to the Trustees of  
The Lavender Touch**

I report on the accounts for the year ended 31 March 2025 set out on pages six to fourteen.

**Respective responsibilities of trustees and examiner**

The charity's trustees are responsible for the preparation of the accounts in accordance with the terms of the Charities and Trustee Investment (Scotland) Act 2005 and the Charities Accounts (Scotland) Regulations 2006 (as amended). The charity's trustees consider that the audit requirement of Regulation 10(1)(a) to (c) of the Accounts Regulations does not apply. It is my responsibility to examine the accounts as required under Section 44(1)(c) of the Act and to state whether particular matters have come to my attention.

**Basis of the independent examiner's report**

My examination was carried out in accordance with Regulation 11 of the Charities Accounts (Scotland) Regulations 2006. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently I do not express an audit opinion on the view given by the accounts.

**Independent examiner's statement**

In connection with my examination, no matter has come to my attention :

(1) which gives me reasonable cause to believe that, in any material respect, the requirements

- to keep accounting records in accordance with Section 44(1)(a) of the 2005 Act and Regulation 4 of the 2006 Accounts Regulations; and
- to prepare accounts which accord with the accounting records and to comply with Regulation 8 of the 2006 Accounts Regulations

have not been met; or

(2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

## The Lavender Touch

### Notes to the Financial Statements for the Year Ended 31 March 2025

#### 1. ACCOUNTING POLICIES

##### **Basis of preparing the financial statements**

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities and Trustee Investment (Scotland) Act 2005. The financial statements have been prepared under the historical cost convention.

The Charity constitutes a public benefit entity.

The trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

##### **Income**

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

##### **Expenditure**

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants offered subject to conditions which have not been met at the year end date are noted as a commitment but not accrued as expenditure.

##### **Intangible fixed assets**

Development Costs	33% straight line depreciation
-------------------	--------------------------------

All intangible fixed assets are initially recorded at cost. Amortisation is calculated so as to write off the cost of an asset, over the useful economic life of that asset which is straight line over 3 years.

##### **Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and Fittings	25% straight line depreciation
Computer Equipment	25% straight line depreciation

Tangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in capital and reserves, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as result of revaluation is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in capital and reserves in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in capital and reserves in respect of that asset, the excess shall be recognised in profit or loss.

##### **Impairment**

## The Lavender Touch

### Notes to the Financial Statements - continued for the Year Ended 31 March 2025

#### 1. ACCOUNTING POLICIES - continued

##### **Tangible fixed assets**

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

##### **Stocks**

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

##### **Taxation**

The charity is exempt from tax on its charitable activities.

##### **Fund accounting**

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

##### **Pension costs and other post-retirement benefits**

The charity operates a defined contribution pension scheme. Contributions payable to the charity's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.

##### **Donated goods**

Where practicable, donated goods for resale are measured at fair value on initial recognition, which is the expected proceeds from sale less the expected costs of sale. Due to the large number of low value items donated for resale in the shop and the absence of a stock control system, the charity believe it is impracticable to value these items when donated, and in this case their value is recognised when they are sold.

##### **Provisions**

Provisions are recognised when the entity has an obligation at the reporting date as a result of a past event; it is probable that the entity will be required to transfer economic benefits in settlement and the amount of the obligation can be estimated reliably. Provisions are recognised as a liability in the statement of financial position and the amount of the provision as an expense.

Provisions are initially measured at the best estimate of the amount required to settle the obligation at the reporting date and subsequently reviewed at each reporting date and adjusted to reflect the current best estimate of the amount that would be required to settle the obligation. Any adjustments to the amounts previously recognised are recognised in profit or loss unless the provision was originally recognised as part of the cost of an asset. When a provision is measured at the present value of the amount expected to be required to settle the obligation, the unwinding of the discount is recognised in finance costs in profit or loss in the period it arises.
