

Annual Report

May 2023 - April 2024

Connecting Circles

It has been a very difficult year behind the scenes at Connecting Circles, as the founder, I have struggled with the perimenopause and my mental health has struggled;

- * We haven't been able to run any projects at present
- * The funding that we secured was retracted due to being unable to fulfil project needs.
- * The flagship partner that we were in talks with, pulled out.

We have not received any funding or income as of yet, which means we have a zero accounting year.

Going forward, our plan of action is to re-evaluate what we do and how we do it.
