

Future Plans/cont.

We maintain our liaising with the Community Trust regarding plans for the new Community Hub, where a permanent gallery space would be of significant benefit to the club.

This year is our 45th year as a club. We intend to hold an open day and invite people in to see what we are doing.

The programme continues to expand with two new tutor-led classes commencing in September, Calligraph on Monday mornings and Watercolour on Friday afternoons. Both classes will run for an initial three-month period.

We continue to build our funds in both accounts and aim to replace additional assets that require updating, this will be through ongoing fundraising activities.
