Chairman's Report.

Thank you for coming.

Sadly we lost a long term member of the Group, Mike Johnson in this financial year. Representatives attended his service and a wreath was laid.

Continued support from the Committee members and friends is appreciated. New members are needed but with no Sports Divisions recruiting has become difficult.

Our Memorial Service went well and attendance by the Legion, Community Groups and Public was good, Kraft Work provided more Poppies for our display and distribution to Residential and Care Homes within the community. Our thanks go to them Members enjoyed a meal after the Service at the Golf Club, we have booked for 2026.

Monthly Draw is now going to be organised by Diane Smith after Bill Beverley stepped down after many years of organisation, Thanks to them both. As this is a big part of our fund raising can I asked that everyone supports this and try and sell tickets – they make good Christmas gifts.

Car Boots continue to be well supported both with the Farmers Market and on our own.
