APPENDIX 1

Achievements and performance

Summary of the main achievements of the charity during the financial period	We have had a successful year collaborating with Robert Cook who designed and painted new artwork on the ramp. The new artwork has gotten a lot of attention and is being enjoyed by new visitors and by local people in the community. With the success of the new ramp artwork, some club members had the good idea of getting a batch of t-shirts printed with the artwork. These has been very popular also from the local community. A shop in Fraserburgh has offered to keep a small supply of this new merchandise, featured on a stand for people to see and purchase. We held our regular summer fun day with stalls and food. We purchased a lot of prizes to give away and held competitions. The Fraserburgh Lifeboat were in attendance fundraising money for their own cause. Lights and tokens are still a success and are getting sold though local shops and getting used in the dark nights.
