Structure, governance, and management

The charity is controlled by its governing document, a deed of trust, and constitutes an unincorporated charity.

The Trust was formed in June 1984 by Miss Dorothy Joan Shand who died June 2007. The principal address of the Trust is c/o T C Young, 7 West George Street, Glasgow, G2 1BA

At Trustees' meetings, the Trustees agree the broad strategy and areas of activity for the Trust, including consideration of grant making, investment reserves and risk management policies and performance. The day-to-day administration of the Trust is delegated to T C Young.

During the year  was chair.

The Endrick Trust

Trustees' Annual Report *(continued)*

Year ended 5 April 2023

Structure, governance and management *(continued)*

Appointment of Trustees

The names of proposed new Trustees can be brought forward for discussion by any Trustee at the next available board meeting. A brief written profile on the proposed new Trustee will also be required and will be circulated amongst the Trustees prior to the meeting.

Trustee induction process

New appointees to the board will arrange to meet with the chair who will describe the history of the charity and its underlying ethos and policy around awarding grants.

Trustees are encouraged to attend seminars where these will facilitate the undertaking of their role.

Risk management

The Trustees are responsible for identifying and monitoring the risks faced by the Trust. They do this by reviewing the Trust's risk position during the year and by discussing any steps that could be taken to reduce such risks.

The principal risk faced by the Trust lies in the performance of its investment portfolio and the maintenance of the capital to ensure future grant awards can continue to be made from the generated income.

Specifically, the Trustees monitor the risk of a fall in the value of the investment portfolio by: 1. Reviewing the six monthly investment report produced by the Trust's investment managers. 2. Meeting periodically with the investment manager to review the stock market context and underlying risks. 3. Seeking to ensure that the original capital contributed by the Trust's founder is preserved after adjusting for the eroding effects of inflation over time.

Objectives and activities

The Trust's objectives are to distribute, after deducting management expenses, the majority of the income generated (and where appropriate, make distributions from capital) and to maintain sufficient capital to generate income for future distribution. Revenue/capital will be accumulated for disbursement in accordance with the Trustees' decisions.

The Trustees intend to continue to support a wide range of charitable activities. Their objective is to make distributions to charities based and working in the Glasgow postcode area. The general themes of causes which they will support are the following: (1) prevention or relief of poverty, (2) advancement of citizenship or community development, (3) any other purpose that may be regarded as analogous to either of the preceding purposes. The organisations supported must be registered with the Office of the Scottish Charity Regulator or the Charities Commission. In general the Trust does not make distributions to charities with an income of more than £2 million. It does not support applications from individuals nor from animal charities nor from charities involved in medical research.

Achievements and performance

The Trust made 46 donations totalling £126,500 (2022: 34 donations totalling £107,600) during the year for a range of charitable purposes. Details of the donations are shown in note 4 of the accounts.

The Endrick Trust

Trustees' Annual Report *(continued)*

Year ended 5 April 2023

Financial review

The net deficit for the year on revenue funds was £6,902 (2022: £9,703 surplus). After taking account of investment management costs charged to capital funds, the total net deficit for the year before gains and losses on investments was £30,539 (2022: £17,317 deficit).

After considering investment losses of £441,615 there was a net decrease in funds of £472,191 resulting in total funds of £4,839,908 at the year end.

The investment return on income for the year was 2.8% (2022: 2.4%). The effective decrease in the value of the investments was 8.8% (2022: 4.2% increase). Therefore, the overall investment deficit for the year was 6.0% (2022: 6.7% surplus).

Investment / Reserves Policy

The Trustees have agreed that they will always seek to preserve the original capital contributed by Miss Shand, after adjusting for the eroding effects of inflation. The implications of this approach are that in any financial year, the trustees will determine the distributable amount available for grant funding by having regard to:

- income earned in the year (interest and dividends).
- expenditure on support costs for charitable activities.
- that portion of the capital that could prudently be distributed after fully preserving the inflation adjusted value of the original capital.

Plans for future periods

The trustees will continue to consider and support grant applications which fit with the grant awarding criteria of the Trust Deed.

Trustees' responsibilities statement

The trustees are responsible for preparing the trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in Scotland requires the charity trustees to prepare financial statements for each year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, of the charity for that period.

In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
 - observe the methods and principles in the applicable Charities SORP;
 - make judgments and accounting estimates that are reasonable and prudent;
 - prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.
-

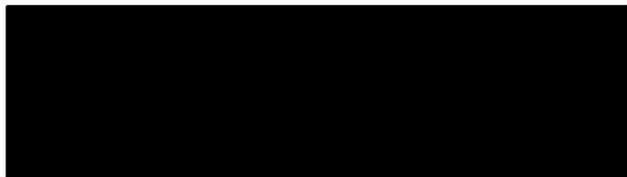

The Endrick Trust

Trustees' Annual Report *(continued)*

Year ended 5 April 2023

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charity's transactions and disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities and Trustees Investments (Scotland) Act 2005, the Charity Accounts (Scotland) Regulations 2006, and the provisions of the Trust Deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees' annual report was approved on 10 OCTOBER 2023 and signed on behalf of the board of trustees by:

Trustee

The Endrick Trust

Independent Auditor's Report to the Members of The Endrick Trust

Year ended 5 April 2023

Opinion

We have audited the financial statements of The Endrick Trust (the 'charity') for the year ended 5 April 2023 which comprise the statement of financial activities, statement of financial position, statement of cash flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 5 April 2023 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Charities and Trustee Investment (Scotland) Act 2005 and regulation 8 of the Charities Accounts (Scotland) Regulations 2006 (as amended).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and the provisions available for small entities, in the circumstances set out in note 19 to the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

The Endrick Trust

Independent Auditor's Report to the Members of The Endrick Trust *(continued)*

Year ended 5 April 2023

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception.

In the light of the knowledge and understanding of the charity and its environment obtained during the audit, we have not identified material misstatements in the trustees' report.

We have nothing to report in respect of the following matters in relation to which the Charities Accounts (Scotland) Regulations 2006 (as amended) requires us to report to you if, in our opinion:

- the information given in the trustees' report is inconsistent in any material respect with the financial statements; or
- adequate accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

The Endrick Trust

Independent Auditor's Report to the Members of The Endrick Trust *(continued)*

Year ended 5 April 2023

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Based on our understanding of the charity, we identified the principal risks of non-compliance with laws and regulations and the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006 and the Companies Act 2006. We evaluated managements' incentives and opportunities for the fraudulent manipulation of the financial statements, including the risk of override of controls. Based on our assessment we adopted a substantive approach to our audit testing. Audit procedures performed included:

Testing a sample of transactions to source documentation. We select sample sizes having regard to the inherent risk (specific and general), the quality of the internal controls and the risk that our testing might not detect possible misstatements.

Making enquiries of management, those charged with governance and the entity's solicitors around actual and potential litigation and claims. Identifying legislation of particular relevance to the entity and obtaining audit evidence regarding compliance with that legislation.

Auditing the risk of management override of controls, including through testing journal entries and other adjustments for appropriateness, and evaluating the business rationale of significant transactions outside the normal course of business

There are inherent limitations in the audit procedures described above. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example forgery or concealment.

As part of an audit in accordance with ISAs (UK), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

The Endrick Trust

Independent Auditor's Report to the Members of The Endrick Trust *(continued)*

Year ended 5 April 2023

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees.
- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the charity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the charity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Use of our report

This report is made solely to the charity's members, as a body, in accordance with Regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charity's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's members as a body, for our audit work, for this report, or for the opinions we have formed.

The Endrick Trust

Notes to the Financial Statements

Year ended 5 April 2023

1. General information

The charity is a public benefit entity and a registered charity in Scotland and is unincorporated. The address of the principal office is T C Young, 7 West George Street, Glasgow, G2 1BA.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Charities and Trustee Investment (Scotland) Act 2005 and the Charity Accounts (Scotland) Regulations 2006 (as amended).

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

There are no material uncertainties about the charity's ability to continue.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular future project or commitment.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal and fall into one of two sub-classes: restricted income funds or endowment funds.

The Endrick Trust

Notes to the Financial Statements *(continued)*

Year ended 5 April 2023

3. Accounting policies *(continued)*

Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Financial instruments

A financial asset or a financial liability is recognised only when the charity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs.

The Endrick Trust

Notes to the Financial Statements *(continued)*

Year ended 5 April 2023

3. Accounting policies *(continued)*

Financial instruments *(continued)*

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Where investments in shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in income and expenditure. All other such investments are subsequently measured at cost less impairment.

Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Other financial instruments are subsequently measured at fair value, with any changes recognised in the statement of financial activities, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.
