	13 Kirkland Street
	Peebles
	EH45 8EU
	Peeblesshire

The organisation is run by volunteer trustees who make up the Committee. The purpose of the organisation is to respond to life threatening Emergency calls as determined by Scottish Ambulance service

In the year 25/26 activity with the group has continued with training being delivered on a regular basis and also several sessions with community groups. The maintenance of the community defibrillators c n but the spend was not so much this year as we have negotiated agreements most of the host partners that they will take on the ongoing costs of the defibrilators they host.
During this FY the committee agreed to implement phases 1 & 2 of the defib strategy, which aims to replace the 4 defibs held by the CFRs, freeing up some older defibs to be used by Community Cardiac Responders attached to the group (Phase 1). Phase 2 of this strategy is to replace 12 PADs in the local area that are reaching the end of their usable life. This is expected to be completed by May 2026. This strategy has required significant local fundraising and spend, the beginnings of ths can be seen in the last 2 months of this accounting year.

The charity's main income is through donations and fundraising activities. The charity aims hold sufficient cash funds to meet all expenditure due and anticipated during a 2 month period.
No remuneration was paid to Trustees during the year.
Legitimate expenses reimbursed to Trustees during the Year, for travel and other related expenses necessarily incurred by them in fulfilling their duties amounted to £ 0
and were paid to individual Trustees numbering 0

Explanation of any operating deficit
