Objectives and activities

Charitable purposes

To promote the benefit of the inhabitants of Cranhill and Greater Glasgow without distinction of religion, race gender or politics, by associating the Local Authorities, Voluntary Organisations and inhabitants in a common effort to advance education and to provide facilities in the interest of social welfare for recreation, cultural and leisure time occupation with the object of improving the conditions of life for the same inhabitants.

Summary of the main activities in relation to these objects

Our facilities are extensively used by the local community in its widest sense including people living with a disability / trauma, local refugees, disengaged young people, older people experiencing isolation and people on low incomes. Working with up to 400 people a year our main activities include project based / outreach skills building and taster workshops in multimedia, digital photography visual art, and introductory computer and IT skills. We also continue to run a series of photographic heritage archive training workshops for local residents including the digitisation and online publishing of our Glaswegians photographic archive which consists of some 30,000 images taken across the city between 1989 – 1993.

Achievements and performance

Summary of the main achievements of the charity during the financial period

During 2025/2026 we aimed to deliver a comprehensive annual series of skills building and therapeutic workshops in multimedia arts and crafts photography and IT skills within the East Central area of Glasgow. Our activities were mainly aimed at encouraging some of the most marginalised and isolated members of the community to improve their health and wellbeing and take better control of their lives through learning new skills while gaining the confidence and aspirations to play more active role within the community.

Between April 2025 to March 2026 Cranhill Arts delivered a total of 51 artistic programs to 372 people which included a total of 456 workshop sessions and 9 open days /taster classes.

30% (107) of the people we worked with had a disability.
26% (96) were young people aged 8-18 years.
32% (124) were local adults.
12% (45) were people aged 65 and over.
