Name	Dates acted if not for whole year

Structure, governance and management

Type of governing document

Constitution

Trustee recruitment and appointment

Trustees were appointed on the skills and benefits they could bring to the charity.

Objectives and activities

Charitable purposes

The advancement of animal welfare.

Summary of the main activities
in relation to these objects

The care, husbandry and rehoming of ex-working dogs.

APPENDIX 1

Achievements and performance

Summary of the main achievements of the charity during the financial period

Our shop continued to be a big source of income for the charity with a particularly successful year this year compared to recent years.

Our sales of SeaHoney have again been very successful. This has continued to facilitate a platform for education of nutrition and dental health.

Our shop stock this year was good and has improved on last year. Thankfully the increase we saw in dog foods last financial period has not been as high. We are very grateful to still have the support with dog food donations.

Direct rehoming has helped find homes for dogs faster on our waiting list and we will be continuing this going forward at a sustainable level. Life time back up is provided with all rehomed dogs, and we need to ensure that rehoming rates are within workable levels.

As with previous years we have seen a reduction in the number of adult dogs coming for microchipping since the introduction of the new microchipping regulations. This year saw an increase in the number of pups coming to be microchipped. We have seen an increase in the numbers of people contacting us for help with their dog's current microchip. Our PetChip programme continues to benefit the public by helping ensure owner details are up to date on pet microchips. This year we saw a decrease in the number of cats coming to be chipped. With the cat microchipping law introduction we initially had seen an increase in people contacting us to get more information on microchipping their cat. Now this period is over we do not expect to see the same number of cats needing chipped.

Our veterinary education program has continued. We have had a

Financial review

Brief statement of the charity's policy on reserves

A small reserve is kept for any emergency treatment required by any of the dogs.

Details of any deficit

Donated facilities and services (if any)

The use of kennels and accompanying grounds has again been donated by Mrs J.K. Reynolds. Mrs Reynolds has also donated a large portion ty of our dog food for this financial period, as well as helping with bills such as electricity and vet bills
The website has been donated by M. J. Reynolds BSc.
