Background Info

The purpose of Moredun Community Association is to advance education by furthering the social, recreational and cultural activities of the community and to manage and maintain a Community Centre in co-operation with the Local Authorities; to take an active interest in the amenities, facilities and welfare of the area and to promote activities of a charitable nature.

The members who attend the group are older people many of whom are socially isolated with some having mobility difficulties, health issues or mild to moderate dementia. By keeping active within their own community in a friendly non-threatening environment, where there is the opportunity to take part in exercise, stay mobile by taking part in the activity programme and most importantly meeting others and forming friendships, there is a good chance more debilitating illnesses can be prevented in the future
