Achievements of the charity

The first notable achievement was a successful District Camp, providing over 400 young people, the opportunity to connect, attempt new activities, build on their resilience and have fun.

We have seen an increase in District Activities notably water day activities that has provided nearly 200 young people, the chance to take to the water many for the first time.

We continue to recognise our volunteer's and young people through awards and ensure they feel valued as part of this movement.

We are planning for more District events in the future and planning is once again underway for the next district camp.

Youth and Adult membership continues to grow across the district, and groups are working together more with aligning their programmes.

We have had several young people selected for the World Jamboree in Poland next year, we also had young people attend Blair Atholl in the summer as part of a regional contingent.

Finance of the charity

It is the responsibility of the Trustee's to manage and control the finances of the District accounts. Throughout the year we maintained a healthy financial position which allowed us to support young people for the World Jamboree and Blair Atholl. We also benefitted from funding that contributed to the costs of District Camp. Full breakdown of the finances can be reviewed on the Finance Summary. In line with our reserves policy to withhold monies to respond to any unplanned expenses and support activity costs and meet any other commitments the reserve balance sits at £16,965.65, of which £9,102.54 is unrestricted. As a board we are comfortable this balance to support the above commitments. Closing balance is £ £30,470.11

Approved by all Trustees and signed on their behalf
