

A special mention to our friends at Paul's Parcels. They laid tarmac at the new beds and a shed and greenhouse planting many flowers and vegetables which will be used by the community. At Christmas they had Santa visit and many children and adults visited this event. The wooden enclosure in our grounds these will hold two bee hives and these are looked after by two trained people looking after the hives.

We again had a Memorial Service this year for people who had lost loved ones, and this is greatly appreciated by the grieving families.

The Craft Class on a Monday evening continues and the ladies who attend this have a very enjoyable evening learning craft which can sell for Church funds.

The Shotts Tots Group on a Tuesday morning continues, and this has been a great success.

Our Wednesday Lunch Club has restarted and again this is proving a great success.

Once again, we had a holiday club for the children and again this was a great success.

The Gents Breakfast Club and Ladies Fellowship are both continuing.

We continue to participate in the Shoe Box Appeal and the Sunday School children enjoy filling the boxes.

Fire inspection and Boiler inspection are carried out yearly.

The Church numbers are steady, and we welcomed new members and adherents, which is a good sign.

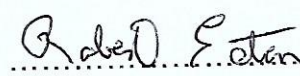

In relation to the Remembrance Service at the War Memorial our Church continues to lead this service.

General maintenance work has been carried out by the men of the Church. The men and women of the Church also keep the Church in a good state of repair and cleanliness and continue to keep the avenue tidy.

Our fundraising activities continue, and we made an amazing amount of money for the Church.

Regarding our financial position we have shown a slight profit as can be seen from the Trading Account. We are continuing to pay our lawful debts and the interest from our investments has decreased slightly.

Approved by the Trustees and signed on their behalf.

.....
Mr. Robert Eaton – Church President
