Achievements of the past year

In the past year the Twechar Youth Group has been focussed on providing volunteering opportunities to the young people within our operating area, developing and delivering climate action theme activities to their community and ensuring that the young people of Twechar play a lead role in youth based activity programmes.

In June 2025 Twechar Youth Group organised and delivered a residential team building trip for our volunteers. Earlier in the year our volunteers and youth workers had been consulting with our young people with the aim of discussing activities and trips they would like to take place and which could be organised and delivered by Twechar Youth Group. The residential gave the TYG volunteers the opportunity to discuss the results of these consultations and together put forward a plan of delivery.

In March 2025 Twechar Youth Group were successful in their funding application to East Dunbartonshire Climate Action Hub and received a grant of £700.00 to deliver climate action activities with the young people of Twechar.

In the past year the Trustees of Twechar Youth Group have also remained active in their voluntary role to assist Twechar Community Action in other community based projects. The trustees declare that they have approved the trustees' report above.
