Ummah Aid was founded in 2025 under the visionary leadership of CEO Samina Ali with a deep commitment to serve humanity and uplift communities in need.

Alhamduliilah, the work is ongoing by the grace of Allah, and more volunteers are joining hands every day to make a positive difference in the lives of others.

Serving Communities on the Ground

Ummah Aid begins by assessing each community to understand its most urgent needs. We listen, observe and identify where support is needed most, then provide practical assistance based on those needs.

Alongside immediate relief, we aim to create long-term opportunities by helping individuals start small businesses or sustainable livelihoods, empowering them to become self-reliant, support their families and build a better future.

What We Do

Ummah Aid is committed to supporting individuals and families facing hardship. Our work focuses on practical solutions that bring relief today and help build a stronger, more hopeful tomorrow.

Poverty Prevention

We work to prevent individuals and families from falling into hardship by providing timely support, practical assistance and access to essential resources that help create greater stability and security.

We provide essential food support to individuals and families in need, helping ensure that people facing difficult circumstances have access to nutritious food and everyday essentials.

Through practical support, compassion and community action, Ummah Aid is committed to helping people through hardship and building a better tomorrow.

Our Journey of Hope and Humanity

Ummah Aid's journey began in 2025 with a sincere purpose — to seek the pleasure of Allah through serving humanity and supporting those most in need.

Since then, our journey has continued to grow, strengthened by the dedication of our volunteers and the generosity and trust of our donors. We are deeply grateful to every volunteer and every donor who contributes to this noble cause. Their support enables us not only to provide essential necessities, but also to help individuals and families move beyond poverty by creating opportunities for sustainable livelihoods and greater self-reliance.

We believe that serving humanity is a shared responsibility. Through compassion, dignity and practical support, we strive to play our part as responsible members of society and to bring meaningful, lasting change to the lives of those who need it most.

Our work is made possible entirely through donations and the commitment of our volunteers. As this journey continues, we make a promise to ourselves: Insha'Allah, with Allah's guidance, we will continue this mission and serve humanity wherever and however we can.

May Allah guide and support us, accept our efforts, and enable us to continue this work for the benefit of humanity. Ameen.
