Objectives and activities

Charitable purposes	Advancement of education, Community development,
Summary of the main activities in relation to these objects	Wormit Toddlers Group supports parents/carers of very young children whilst allowing children to play and socialise. Toys and Activities with a healthy snack are provided for the children. Community support and refreshment for parents/carers.

Achievements and performance

Summary of the main achievements of the charity during the financial period	The group continues to be well attended by both childminders and parents. We are continuing to keep in touch with the local health visitors to ensure they continue to inform parents about the group, so they can access the support the group offers. We are still in a comfortable position financially. This year we used some of our reserves to purchase a commercial quality play kitchen. This is a popular play item and we have found that domestic quality items have needed frequent replacement, on average about every 2 years. We are hoping that this sturdier equipment will be an investment, one that will last for the foreseeable future.

Financial review

Brief statement of the charity's policy on reserves	The charity aims to have a reserve of £500 for any contingencies and to ensure the group is able to continue over the next year. Any additional funds generated will be retained and invested in new equipment/toys as this becomes necessary.
Details of any deficit	We had a small deficit this year, but this was solely due to our decision to use our reserves to purchase better quality replacement equipment.
Donated facilities and services (if any)	None
